

Home and Family Guidelines

- ☺ **Practical principles** Talk with, NOT at your children.
Agree family guidelines and rules.
Discuss regularly online safety.
- ☺ **Infrastructure** Virus and firewall software up to-date,
Browser 'safe search' enabled.
- ☺ **Education** Learn together about new technologies
and enjoy!
Reflect together about new technologies,
the benefits, dangers and potential.
- ☺ **Systems** Keep webcams in family rooms
Monitor time spent on the internet
View the 'History' or purchase filtering
software.

Have responses to problems which don't spread panic! Your child will not tell you about a problem if they feel their access to the technologies will be restricted.
